PROFESSIONAL EXPERIENCE

Sitecore Consultant | Capgemini Technology Services India *Oct 2024 – Present*

- Develop and enhance Sitecore 10.x MVC and XM Cloud, Sitecore Content Hub applications using ASP.NET MVC/Core, C#, Next.js, React.js and GraphQL, delivering 30+ components used across 22 client sites.
- Build custom CMS extensions and ASP.NET Core middleware connecting Sitecore to enterprise health-science data services, reducing integration turnaround time by 30%.
- Designed an AI-assisted deployment automation workflow that cut release deployment time by 90% and reduced manual deployment errors — earned Capgemini's iEvolve Award.
- Mentored junior developers on Sitecore and XM Cloud development practices, supporting their ramp-up on headless architecture and Helix conventions.

Sitecore Developer | Virtusa Consulting Services *Nov 2023 – Oct 2024*

- Delivered API-driven Sitecore solutions for public-facing enterprise and insurance portals serving 1.5 million monthly users, including CMS customization and integration of internal/external services.
- Built headless experiences with Next.js, GraphQL, Sitecore JSS and Layout Service, applying Helix/JAMstack principles to cut page-build time by 75%.
- Implemented routing, sitemap and JSON feed capabilities across 15 public sites; recognized with Virtusa's PAT Award for headless solution implementation.

Sitecore Developer | Espire Infolabs India *Sep 2021 – Oct 2023*

- Developed Sitecore applications using C#, ASP.NET MVC, Helix and TDS, shipping 50+ reusable components adopted across multiple client projects.

- Built SXA/Scriban components and Solr-powered search improving on-site search relevance/speed by 65% for content-rich enterprise portals.
- Implemented SEO, cookie-consent and visitor-assistance features; trained 10 client content authors and contributed to statement-of-work scoping.

ENTERPRISE PROJECTS

Amgen Inc. *Healthcare & Life Sciences | Client Engagement*

- Senior Sitecore backend developer on Sitecore 10.4.1, building custom MVC components for a public medical-science portal reaching 3 million monthly visitors.
- Delivered Sitecore XM Cloud pages with Next.js, GraphQL and JAMstack, improving page load time by 80% for public medical/scientific content.
- Built ASP.NET Core middleware and database integrations for health-science data; proposed AI-assisted deployment automation (iEvolve Award).

Kimberly-Clark Corporation / Huggies *Consumer Goods | Client Engagement*

- Implemented Solr search and Helix-based components for a high-traffic consumer portal serving 3M+ monthly visitors.
- Developed Sitecore XM Cloud pages with Next.js, Sitecore Content Hub, GraphQL and JAMstack, improving page load time by 80% for high-traffic consumer product pages.
- Integrated Workday job APIs and delivered location-aware job recommendations via IP geolocation, increasing job-page engagement by 65%.
- Added JSON-LD job schema and SEO-friendly URLs; contributed to Sitecore XM migration (v9.3.0 → 10.2.1) covering 15 templates/pages.

Reliance Standard Life Insurance *Insurance | Client Engagement*

- Built and consumed internal/external APIs within Sitecore Helix solutions across 20 sandbox environments.
- Implemented complex sitemap views and JSON endpoints for public insurance websites and supporting digital services.
- Supported headless portals — Reliance Matrix, Reliance Standard Life, Absence Mentor — using Next.js, Sitecore JSS and Layout Service.

KTM India *Automotive | Client Engagement*

- Developed reusable components and customized Sitecore CMS functionality for official KTM websites.
- Implemented cookie handling and visitor bot-assistance integration, reducing support inquiries by 45%.
- Built modern visual components within a Helix-aligned structure to support maintainable content delivery.

RSM UK *Professional Services | Client Engagement*

- Built complex Sitecore SXA 10.1 components using Scriban templates for content-rich professional-services pages.
- Implemented Solr search across high-value blogs and tax/consulting thought-leadership content, improving search accuracy by 75%.
- Delivered Sitecore content-author training to client teams and participated in SOW discussions for project scope and delivery planning.

CERTIFICATIONS

- ContentStack Developer Certification
- Claude Certified Developer - Foundations
- Claude Certified Architect – Foundations
- Claude Certified Architect - Professional

EDUCATION

Bachelor of Engineering (B.E.) in Computer Science and Engineering, Chandigarh University, Chandigarh, Punjab | 2017–2021

AWARDS

- iEvolve Award, Capgemini — Recognized for concept and implementation of AI-powered automated deployment of Sitecore solutions.

- PAT Award, Virtusa — Recognized for implementing a headless Sitecore solution for public-facing websites.
