PROFESSIONAL EXPERIENCE

Sitecore Consultant | Capgemini Technology Services India | Oct 2024 – Present

- Develop and enhance Sitecore 10.x MVC, XM Cloud, and Sitecore Content Hub applications using ASP.NET MVC/Core, C#, Next.js, React.js, and GraphQL; delivered 30+ reusable components across 22 client sites.
- Build custom CMS extensions and ASP.NET Core middleware connecting Sitecore with enterprise health-science data services, reducing integration turnaround time by 30%.
- Designed an AI-assisted deployment automation workflow that reduced release deployment time by 90% and reduced manual deployment errors; recognized with Capgemini's iEvolve Award.
- Mentor junior developers on Sitecore, XM Cloud, headless architecture, and Helix development practices.

Sitecore Developer | Virtusa Consulting Services | Nov 2023 – Oct 2024

- Delivered API-driven Sitecore solutions for public-facing enterprise and insurance portals serving 1.5 million monthly users, including CMS customization and internal/external service integrations.
- Built headless experiences using Next.js, GraphQL, Sitecore JSS, and Layout Service with Helix/JAMstack principles, reducing page-build time by 75%.
- Implemented routing, sitemap, and JSON feed capabilities across 15 public sites; recognized with Virtusa's PAT Award for headless solution implementation.

Sitecore Developer | Espire Infolabs India | Sep 2021 – Oct 2023

- Developed Sitecore applications using C#, ASP.NET MVC, Helix, and TDS, delivering 50+ reusable components adopted across multiple client projects.
- Built SXA/Scriban components and Solr-powered search, improving on-site search relevance/speed by 65% for content-rich enterprise portals.
- Implemented SEO, cookie-consent, and visitor-assistance features; trained 10 client content authors and contributed to statement-of-work scoping.

ENTERPRISE PROJECTS

Amgen Inc. | Healthcare & Life Sciences | Client Engagement

- Developed Sitecore 10.4.1 MVC components for a public medical-science portal reaching 3 million monthly visitors.
- Delivered Sitecore XM Cloud pages with Next.js, GraphQL, and JAMstack, improving page load time by 80% for public medical/scientific content.
- Built ASP.NET Core middleware and database integrations for health-science data and proposed AI-assisted deployment automation.

Kimberly-Clark Corporation / Huggies | Consumer Goods | Client Engagement

- Implemented Solr search and Helix-based components for a high-traffic consumer portal serving 3M+ monthly visitors.

- Developed Sitecore XM Cloud pages with Next.js, Sitecore Content Hub, GraphQL, and JAMstack, improving page load time by 80%.
- Integrated Workday job APIs and IP geolocation for location-aware job recommendations, increasing job-page engagement by 65%.
- Added JSON-LD job schema and SEO-friendly URLs; contributed to Sitecore XM migration from v9.3.0 to v10.2.1 across 15 templates/pages.

Reliance Standard Life Insurance | Insurance | Client Engagement

- Built and consumed internal/external APIs within Sitecore Helix solutions across 20 sandbox environments.
- Implemented sitemap views and JSON endpoints for public insurance websites and supporting digital services.
- Supported headless portals using Next.js, Sitecore JSS, and Layout Service.

KTM India | Automotive | Client Engagement

- Developed reusable components and customized Sitecore CMS functionality for official KTM websites.
- Implemented cookie handling and visitor bot-assistance integration, reducing support inquiries by 45%.

RSM UK | Professional Services | Client Engagement

- Built Sitecore SXA 10.1 components using Scriban templates for content-rich professional-services pages.
- Implemented Solr search across blogs and tax/consulting thought-leadership content, improving search accuracy by 75%.
- Delivered Sitecore content-author training and participated in SOW discussions for project scope and delivery planning.

CERTIFICATIONS

- ContentStack Developer Certification
- Claude Certified Developer – Foundations
- Claude Certified Architect – Foundations
- Claude Certified Architect – Professional

EDUCATION

Bachelor of Engineering (B.E.), Computer Science and Engineering | Chandigarh University, Chandigarh, Punjab | 2017–2021
